Garage and Lot Available
Cranberry Creek Crescent (Lot Block 2)

Located 3 kilometers south of the Candle Lake junction, Cranberry Creek is a 63 lot subdivision treed with mostly White and Black Spruce and some Aspen. It sits ½ mile off of highway 120, making it a very quiet subdivision. Being flanked by Crown Land on 3 sides, it is a very calm and relaxing community with a great amount of peace and privacy. It features a three hole golf course in the center of the subdivision, with a trout pond and clubhouse within the three fairways. There are a lot of fun activities besides the golf course and trout pond. Torch Lake borders Cranberry Creek, and we've built a dock so that you can fish or launch a canoe/kayak. We're also located on the Ashim Homestead which has several kilometers of walking trails. For more information, call Steve Flaman – **(306) 961-7407** or Mike Lozej – **(306) 961-2007**.
